

US - crime data

In year 1985, information about various crimes in each of 50 states of the USA was collected, including data on:

- X1** - land area
- X2** - population
- X3** - murder
- X4** - rape
- X5** - robbery
- X6** - assault
- X7** - burglary
- X8** - larceny
- X9** - auto-theft
- X10** - US states region number
- X11** - US states division number

Variables **X10** and **X11** have the following meaning:

- 1 Northeast
- 1 New England
